

This list is encouragement and support for Amateur Radio stations active on 630m to work toward ARRL Worked All States (WAS) awards. The list is updated on Monday afternoons as more stations and states become active with QSO modes and other new information becomes available. Our thanks to John KB5NJD for hosting this list.

Information from these sources was used to compile this list:

<http://njdtechnologies.net/category/630-meters/>
